*Over 30 Years of
Innovation & Quality
Service.*

Davco provides an environment for **innovative** people developing proactive **industrial solutions.**

Safety

Davco is very proud of our safety program. Our goal is to provide a safe environment through leadership, support, education and training in all aspects of health and safety.

Licensed Truck and Trailer Inspection Facility

Our Mechanic Department handles full service repairs including CVIP inspections, winches, brakes, and suspensions on units over one ton.

Picker and Crane Certification

Our mechanical and NDT inspections ensure your picker or crane is safe and ready for the coming season. Performed by external engineering contractors, Davco Solutions Inc. will provide you with a written report which details the repairs necessary to obtain certification.

Hydraulics

Our Millwright department conveniently coincides with the mechanics to provide hydraulic troubleshooting, equipment repair and complete cylinder repair.

Welding and Fabrication

From frame stretches to trailer modifications, our welding department can handle all of your fabrication and repair needs.
